

# MAN ON SKY SHIP JUMPS ON

The man said to us "my rudder broke of my ship and there was no one nearby so I jumped on one there was nothing else to do"

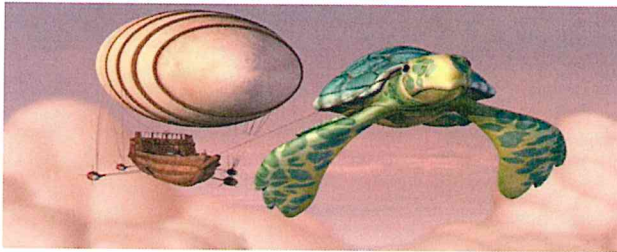

## MAGICAL BEAST!

The news team caught a guy jumping on a magical beast in the air. It looked like at turtle like creature, there was a hole stampede in the sky, the team was speechless they did not know what to say.

The turtle creatures (as we call them) are 20 meters wide and 10 meters long that's pretty big for a turtle creature. If the guy on the ship had been left alone these are the possible things that could of happened: he could of jumped of his boat and took a leap of faith, he could of stayed on his ship or found land and survived.

Here is a description of what it looks like and a picture:

The thing is a bald on the outside but delicate on the inside. Its skin is emerald green and its shell is sapphire blue it has big bulging eyes it is a rare beauty that you will only see once.

wow: An interesting choice of writing style. I love your description of the turtle
