

Tresillian Homework Grid - Summer Term
Africa

Research and design a menu for a traditional African meal from an African country of your choice. You may wish to cook it too!

Research a country from anywhere in Africa and choose how to present your information. You could use ICT or present it using creative methods.

Create a fact file on an African animal of your choice.

Write your own short story set in Africa. Think about your characters and setting.

Design a pattern for an African Fabric. Could you use printing and dyeing skills to make your own fabric design?

Design an animal that is suited to living in the African climate. Think carefully about its adaptations - what characteristics will it have to help it survive?

Create a model/picture of an African landscape (desert, savannah, mountains, coasts). You can use whichever materials you like.

Create a collage of Africa or a country in Africa, Think about what materials you could use and the colours.

How many countries are there in Africa? List them in alphabetical order.

Write a poem inspired by the landscape or wildlife or Africa.

Research the beliefs and customs of an African Tribe. How do their lives and beliefs differ from ours?
